							_____

Add dates as needed

Guidelines for Roaring Reader:

-Students are required to read a minimum of 20 minutes for any 20 days during the month. Of course, we encourage students to read more for their enjoyment.

-For each day a student reads 20 minutes or more, they should color in the paw print. At the end of each week, we ask parents to have a conversation about their child's weekly reading and plan for the next week. Parents should initial at the end of each week on the line provided.

-Calendars are due the first school day of the next month to classroom teachers.
